

# CHRISTMAS RULES

## DOUBLE FLIP BORDER INSTRUCTIONS

Here's how to combine our Christmas Rules into one long banner as pictured. We stitched the entire series together on 32 ct. Light Mocha Belfast linen from Zweigart. Choose whatever fabric and fabric count you prefer. The stitch count for the entire project, including the top and bottom border, is 85 wide x 359 high.

The threads we used are as follows. The numbers following each color are suggested numbers of skeins to complete the series. If you use a different fabric count, your quantity may vary.

Weeks Dye Works bullfrog (2), garnet, grasshopper (2), hazelnut, juniper, Louisiana hot sauce (2), mascara, Morris blue, peony, white-wash (2).

Crescent Colours Finley gold.

When stitching the whole series together, begin by stitching the free Christmas Rules top border provided here. Then you are ready to stitch the individual design, using the placement graph. Go down 2 fabric spaces (as shown on the graph) and stitch "Be kind & of good cheer".

Omit the top and bottom checked border on each design. To position each design within the boxes provided, identify the boxed area on each design. One design in each Double Flip will already have a heavy outlined box. The other design in each Double Flip will already have a solid stitched border that will form your "box". (This "box" already appears on the placement graph.) Position the boxed area in each design within the boxes provided. Each box is labeled for the corresponding design.

When you have completed the final design (Welcome Friends), add the provided stitched border below the entire series.

If you space your designs a bit differently than ours, no problem! Just add the bottom border when you are finished and enjoy your Christmas Rules!
