

GREEN FLIPS

GREEN FLIP BORDER INSTRUCTIONS

Here's how to combine our designs into one long banner as pictured. We stitched the entire series together on 32 ct. Light Mocha Belfast linen from Zweigart. You can use whatever neutral colored fabric you prefer, and the fabric count you choose. The stitch count for the entire project, including the border, is **265 wide x 79 high**.

The threads we used for this series are as follows. The numbers following each color are suggested numbers of skeins to complete the entire series. If you use a different fabric count, your quantity may vary.

Weeks Dye Works bright leaf, bullfrog, chestnut, cocoa, grasshopper (2), liberty, mascara, molasses, moss (2), ocean, whitewash.

Gentle Art Sampler Threads butternut squash.

Crescent Colours really teally.

DMC 754 (flesh), 3712 (blush), 3776 (dark coral).

When stitching the whole series together, use the border chart provided here. Position each individual design within the boxes. Each box is labelled for the corresponding design.

The border is stitched over 2 threads with 2 ply floss. You can stitch the four yellow flowers as graphed, or use additional yellow flower buttons. These are available from Lizzie*Kate as item FGFE.
