

# SNOW FLIPS TOGETHER

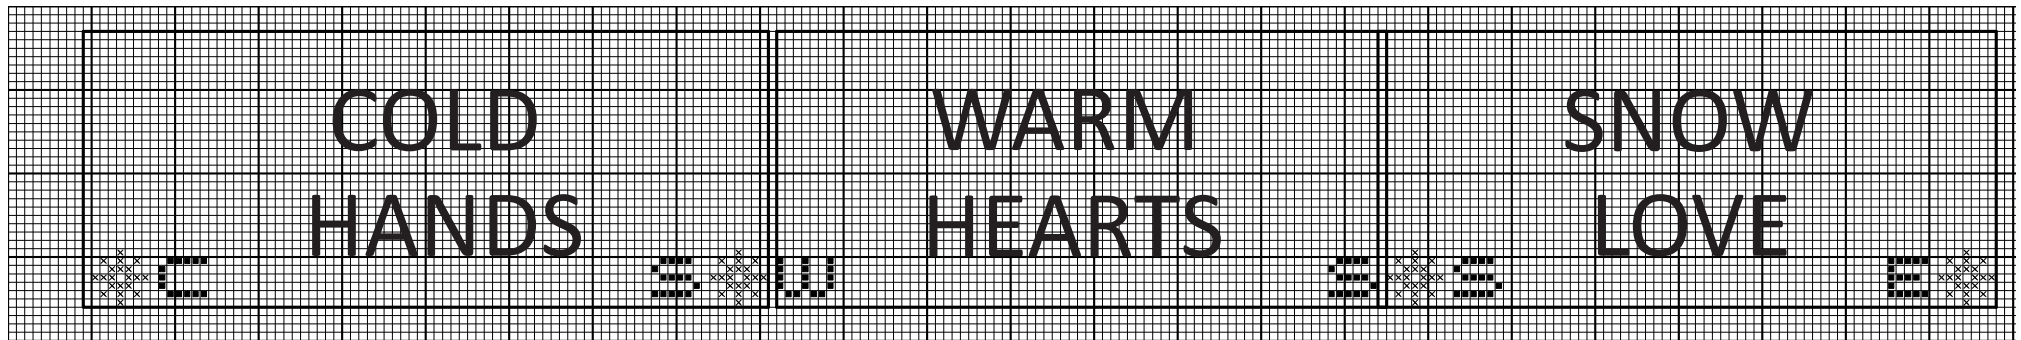

Here's how to combine all of the Snow Story Flip-its into one large, inspirational stitchery.

We stitched the 3-part Snow Story Flip-its together on 32 ct. Storm linen from Picture This Plus. Choose whatever fabric color and count you prefer. Just make sure the thread colors show up and look pleasing on your fabric.

Stitch count for entire project is 229W x 33H. Our thread list follows. We used one skein of all colors, except for 3 skeins of whitewash (lots of snow!). Weeks Dye Works whitewash (3), clockwork, deep sea, seaglass.

Use our graph for placing the 3 designs in the group project. Use the letters and snowflakes from each Flip-it to guide your placement. Refer to picture of entire project on back of each Snow Story Flip-it. \*\*There's only one snowflake between each phrase – see picture and graph.

Enjoy our Snow Story!
